DIABLO VISTA FOUNDATION

Diablo Vista Middle School | Danville, California

Increased Time

Smaller class size provides increased time for creative and analytical thinking and sharing per student.

Increased Involvement

Smaller class size encourages more student involvement and active engagement.

Track Progress

Smaller class size enables teachers more opportunity to track student progress and help develop their skills.

Individual Attention

Smaller class size expands the depth of course objectives as students receive more individual attention.

Course Satisfaction

Smaller class size increases overall student course satisfaction and learning experience.

\$375 *per student donation*

*remains steady with active participation

For Class Size Reduction

Lower student-teacher ratios make a big difference in the classroom. It allows teachers to build deeper, more meaningful relationships with the students, differentiate instruction, and have quality interactions with the students. It creates a more powerful learning environment.

The DVMS Foundation has existed since the school opened and focuses on reducing class sizes in **Math, Science, and Core** for all grade levels. We are a parent-run, nonprofit organization affiliated with the San Ramon Valley Education Foundation (SRVEF). Our 501(c)3 designation gives our donors the opportunity for the maximum deduction allowed under the current laws and corporate match benefits.

For the 2021-2022 school year, we are committed to funding 8 additional classes, which will cost \$162,728.

Corporate Match

Corporate Match (or Matching Gift) programs are charitable giving programs set up by corporations in which the company matches donations made by employees to eligible nonprofit organizations such as the Diablo Vista Middle School Foundation.

1. Make a \$375 per student donation to the Foundation
2. Check with your company HR or use our search tool
3. Submit your proof of donation receipt to your employer
4. Your employer writes a check to the Foundation!

to find your company process

\$167,000

2021-2022 Income Goal

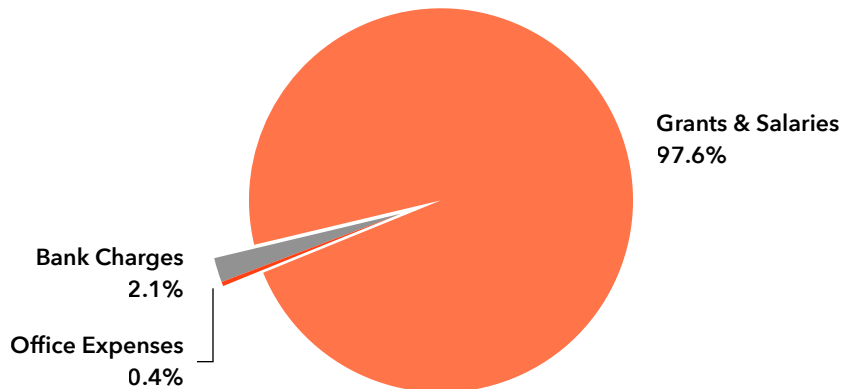

Helping Our Eagles Soar

Funding sections allow us to hire more teachers, which results in smaller class sizes. The goal is to reduce the student-teacher ratio from 35:1 to 29:1. The state of California does not fund class size

reduction at the middle school level, therefore, the annual enrollment donation by parents is the means to our mission. The Foundation's support increases the quality of learning for our students in our most critical classes. The Foundation Board works to maximize your contributions with nearly **98 cents of every dollar** donated going towards technology, grants, and salaries for additional class sections.
